## EYFS Curriculum Intent, Implementation, Impact Statement

Intent	Implementation	Impact
<p>At Lovers' Lane Primary and Nursery school we believe that all children deserve an education rich in wonder and memorable experiences that allows children's natural creativity and curiosity to flourish, alongside the purposeful acquisition of skills and knowledge. We believe that an education that does all of this gives children the best chance to become well-rounded, happy individuals, ready to succeed in an ever-changing world.</p> <p>We have 5 clear aims in EYFS as we want our children to be:</p> <ul style="list-style-type: none"> <li>• <b>Ready to learn:</b> Children have a positive, confident attitude to learning. They are both physically and emotionally ready to learn.</li> <li>• <b>Resourceful:</b> Children show initiative, ask well thought out questions and are prepared to use a variety of strategies to learn.</li> <li>• <b>Reflective:</b> Children are curious, able and willing to learn from their mistakes and can describe their progress</li> <li>• <b>Resilient:</b> Children are prepared to persevere and stay involved in their learning, even when the process is challenging.</li> <li>• <b>Reciprocal:</b> Children are prepared to help each other.</li> </ul>	<p>At Lovers' Lane Primary and Nursery School, we offer a curriculum which is broad and balanced and which builds on the knowledge, understanding and skills of all children, whatever their starting points. We follow the Early Years curriculum using topic themes and enrichment opportunities.</p> <p>The aim of our curriculum is to develop a 'thirst and love for learning' and 'Awe and Wonder' memories by:</p> <ul style="list-style-type: none"> <li>• Carefully planning sequences of activities that provide meaningful learning experiences, developing each child's Characteristics of Effective Learning.</li> <li>• Providing child initiated activities in line with children's starting points which enhance their learning and impacts on progress.</li> <li>• Developing an effective and engaging environment that is rich in language whilst taking into consideration the need for the children to be able to access all areas of learning, both inside and outside at any one time.</li> <li>• Providing high quality interactions with adults that demonstrate and impact on the progress of all children.</li> <li>• Ensuring that 'The Unique Child' is at the forefront of adult's interactions and adopting a nurturing approach for those pupils who might need some reassurance to enable them to succeed.</li> <li>• Using high quality questioning and interactions to check understanding and address misconceptions.</li> <li>• Staff acting as role models to the children they teach in order for children to develop their own speaking and listening skills.</li> <li>• Carefully assessing, through observations, which are recorded on Tapestry and shared with parents. These are used to inform the next steps of learning and meet individual needs.</li> <li>• Allowing children to be successful in their attempts at an activity and using effective feedback to help facilitate next steps in learning but providing enough challenge to develop resilience.</li> <li>• Suggesting home learning opportunities with information about what has been taught, allowing parents to build on their child's school experiences, at home.</li> </ul>	<p>From their own starting points, children will make excellent progress academically and socially, developing a sense of themselves so that they are well prepared for the transition into Key Stage 1.</p> <p>Children will demonstrate high levels of engagement in activities, developing their speaking and listening skills, enabling them to access more areas of the learning and communicate to both adults and children. Children will develop skills across all areas of the curriculum including Literacy, Mathematics and Physical Development using these in different ways.</p> <p>Children will have developed a wider sense of the world around them and can draw on these experiences during interactions with others and link this to new learning.</p> <p>Children will have developed their Characteristics of Learning and be able to apply their knowledge to a range of situations making links and explaining their ideas and understanding.</p>

Show Respect, Work Together, Aspire, Nurture

# Lovers' Lane Primary and Nursery School

The curriculum in Early Years is designed to provide a broad and balanced education that meets the needs of all pupils. It facilitates them to gain the skills, knowledge and understanding, as they start out on their educational journey, supporting them to progress from their individual starting points and preparing them for the next stage of their education.

Our ethos in Early Years is to support children's personal, social and emotional development so that they feel safe and secure and are ready to learn.

Through the seven areas of learning we provide topics that excite and engage children, building on own interests and developing their experiences of the world around them. We recognise that all children

come into our setting with varied experiences and all staff work hard to ensure that the learning opportunities provided widen their knowledge and understanding of the world, setting ambitious expectations for all children.

The curriculum celebrates diversity and supports the pupils' spiritual, moral, social and cultural development. Those children with particular needs, including SEND, are supported appropriately allowing them to be successful.

We recognise the changing needs and interests of our pupils and we are responsive to this, regularly developing existing topics

The English curriculum is taught using Talk for Reading (T4R) in EYFS. Children develop their literacy skills by the imitation of stories that they learn using actions and story mapping techniques. They then move on to innovation of these well-known stories by including their own ideas. Literacy and Phonics opportunities are also promoted in many of the continuous provision activities available to children during the week. The Early Years uses high quality texts as a basis for topic planning and usually start with an exciting hook to engage children in both the topic and the book.

Phonics is taught daily using Read Write Inc. through differentiated phonic groups. Phonic sounds are introduced in a systematic manner and progress is monitored with children moving on to read books from the scheme. The sessions are delivered in an engaging way and activities are revisited to embed over the year and supported in a range of ways including Hold a Sentence, Fred Talk and rhymes associated with each sound.

The Maths curriculum is taught through daily dedicated sessions in line with White Rose Maths. These sessions are carefully planned using concrete resources and build on prior learning and real life experiences across the theme and year. This starts with mastering numbers 0-5 and then progresses through to 0-10 and 0-20. We want our children to become confident mathematicians who can apply what they have learnt to real life experiences.

Pupils have opportunities to share their learning with their parents and carers through Tapestry. Every term parents and carers have the opportunity to attend a parents evening session for Reception and Nursery, this allows parents to see the children's progress and set targets for their child to work on at home.

#### **Extra- curricular opportunities include:**

- **Visitors to enhance children's learning** – Vets, Fire Service, Police etc.
- **Visits in the local community** – Autumn walks to local parks, library visits, pantomime trip.
- **Educational visits into the wider area** – Rand Farm Christmas Trip, Yorkshire Wildlife Park etc.

Children will be confident to take risks and discuss their successes and failures with adults drawing on their experiences to improve or adjust what they are doing.

Children will be successful learners and fully prepared for the next stage of their education as they transition from Foundation Stage to Year One. We will also aim to help children to make sense of the world around them, to develop tolerance, compassion and an understanding of their rights and the rights of others in an ever evolving world.

Children at the end of Foundation stage will have developed essential knowledge and skills required for everyday life and lifelong learning.

Children at Lovers' Lane Primary and Nursery School will be well rounded, happy, inquisitive and successful learners.
